The most exciting thing about travel happens the moment you decide to go somewhere.
Over the holidays, phase two of the campaign will expand to Let’s Go There, Together—promoting family travel and giving the gift of travel (for those who are ready now).
GRAPHIC ELEMENTS
HORIZONTAL LOCK-UP + WALKUP LINE

Our walkup line WHEN IT’S TIME FOR YOU, WE’LL BE READY communicates the idea of booking future travel on a date that’s comfortable for consumers while supporting their travel planning with the strength, security and stability. The walk-up line must always be used with the logo.

CLEAR SPACE
When the tagline lock-up is accompanied by additional text or other graphic elements, it’s imperative that the clear space be maintained around the lock-up to protect it from visual interference from other elements on the page.

As a rule, a minimum distance –equal to the height of the “e”– must be maintained around the lock-up.

MINIMUM SIZE
For general printing processes, the horizontal tagline should not be reproduced below 2.5” in width or a Minimum 6.5pt of the walkup line. If smaller tagline is needed consider the 2 or 5 line lock-up.
The 2 line break lock-up was created for smaller executions, where the walkup line needs to be clearly legible.

The 5 line break lock-up was created for extreme vertical executions, where the horizontal lock-up cannot be used.
HORIZONTAL LOCK-UP

Use the following rules to help determine the size ratio and placement of the tagline and branded logo:

1. The brand logo will always appear underneath the tagline.
2. When determining the size of the brand logo, always maintain the height of the “s” in the tagline.
3. The brand logo should always be centered from the ThereFinder.
4. The space between the ThereFinder and the brand logo should be 1/2 the height of the “s” in the tagline.

CLEAR SPACE

When the lock-up is accompanied by additional text or other graphic elements, it’s imperative that the clear space be maintained around the lock-up to protect it from visual interference from other elements on the page.

As a rule, a minimum distance—equal to the height of the “e”—must be maintained around the lock-up.

MINIMUM SIZE

For general printing processes, the horizontal lock-up should not be reproduced below 1.5” in width.
INCORRECT USAGE

Do not place the lock-up on a busy background.
Do not alter the proportions of any element in the lock-up
Do not substitute other typefaces in the lock-up
Do not alter the size relationship of the mark in the lock-up
Do not substitute colors in the lock-up
Do not place the lock-up on a non legible background
Do not use the logo without the walk-up
The **Therefinder** is our evolution of the geo-locator icon we’ve all become accustomed too.

Now, we use it as a visual device in our brand communications that pinpoints the place, the experience, or emotion you want to enjoy. It’s our way of highlighting the anticipation that comes with planning the perfect getaway.

**USAGE**

When using the “Therefinder” as a graphic, it should always lock to the experience a person/s is having within a place or an important object that tells the story of the environment.

If used in print or other static assets, the “Let’s Go There” logo lock-up should be present to reinforce the campaign message.

If used in video or animation, the “Therefinder” can be used independently but the “Let’s Go There” logo lockup must be used in an end card sequence to pay off the visual device.

Please see “Campaign Samples” section for example usage of the “Therefinder.”
# LETSMAKEPLAN S

The hashtag #LetsMakePlans reinforces our campaign messaging about making future travel plans to go to your “there.” Our campaign isn’t about traveling tomorrow, it’s about making plans for the future when consumers are more comfortable.

The hashtag also acts as an additional CTA to assist ‘Book Now’ and serves as a tool to aggregate all our campaign content together. When searched for or clicked on, the hashtag allows our hero content and our partner content to be curated, emphasizing the strength, safety and backing of our travel industry.
# THE HASHTAG

The hashtag #LetsBookTravel encourages those who are ready go a step further and commit to traveling to take advantage of current deals and give the gift of travel this holiday season.

The hashtag can be used with all holiday deals with an emphasis around Black Friday and Cyber Monday and serves as a tool to aggregate deals for travelers to find more easily.
CAMPAIGN COLORS

Our primary colors should be dominant when creating any public-facing materials. Using these colors dominantly in our communications reinforces our brand, builds brand awareness, through our campaign and aids brand recall and expresses the sophisticated, optimistic, and positive aspects of our brand.
Proxima Nova and Charter are classic and modern and its range of weights allows you to be slightly bolder with headlines, while the middle weights read well for body copy. Used together, they build a clear hierarchy all while creating an inviting and sophisticated look.
TYPOGRAPHY TREATMENT

Our two type families do not constitute a shift in tone. They are both modern, accessible and inclusive and work paired together or individually.

Proxima Nova should be used as our primary type treatment for most marketing materials. There should be no periods at the end of a main headline, supers or other stand-alone headlines. When using Proxima Nova, headlines should be upper case to create a sense of presence in a very delicate and sophisticated way.

Charter is our secondary and only needed for bigger, copy heavy executions. The best used of this typeface is paired with Proxima Nova, when there is a need for variety in fonts.
CAMPAIGN PHOTOGRAPHY
PHOTOGRAPHY

All photography should feature immaculate vistas with some suggestion of people, whenever appropriate. **Specifically for Let’s Go There, Together, photos should feature family-oriented and joyful scenes.** These moments should feel candid and unposed, never staged or fake. The environments should feel grand and spectacular, never dull or small. Whenever possible, avoid showing crowds—rather, intimate family time—and look for variety in poses of people so they aren’t all backs to camera.

All photography should be from the U.S., not abroad.
