Digital Ad Blocks

Have space on your website or within an ad exchange platform? Plug in any of these pre-designed units to use during the reopening phase, or in rotation with other placements over the next few months as Americans ease back to traveling. Available in two IAB units: 300x250 and 728x90, however, if you need a specific size, please reach out and we'll create it for you. When adding the hyperlink, send the user to ustravel.org/IndustryGuidance for more information.
