

# Travel will power our economic recovery. Why travel matters to

# TEXAS

STATE	SPENDING	PAYROLL	JOBS	TRAVEL INDUSTRY EMPLOYMENT RANKING	TAX RECEIPTS
2019	\$82.0 Billion	\$26.7 Billion	710,402	8	\$11.7 Billion
2020	▼ -37%				▼ -30%

In **Texas**, as our attractions, hotels, restaurants and more were unable to welcome visitors, our once thriving travel and tourism industry was no longer the significant economic driver it had been.

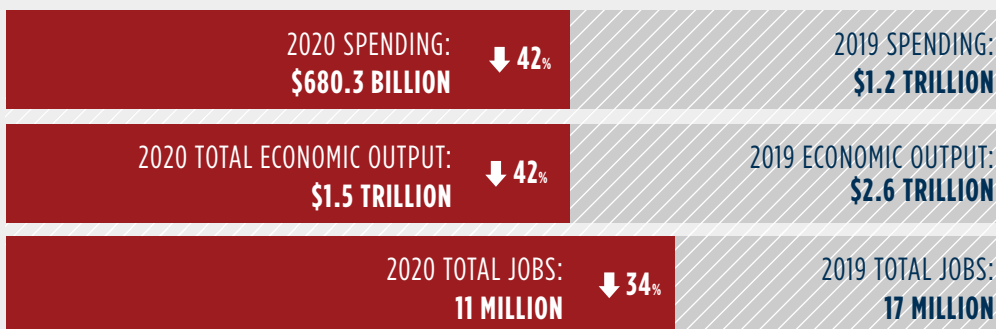

## In 2019:

- Domestic and international travelers spent **\$82.0 billion** exploring our state
- For every **\$1 million** spent in Texas by domestic and international travelers, **8.7 jobs are created**
- The **710,402 travel-supported jobs** represented **6.6% of Texas's total private industry employment**, without which our **unemployment rate of 3.5%** would have been **9.9% of the labor force**
- Travel spending generated **\$11.7 billion to federal, state and local governments**, which help fund jobs and public programs such as police, firefighters, teachers, road projects and convention centers

## Texas experienced severe losses in 2020.

- Spending by domestic and international travelers **declined by 37%**, shuttering many local businesses and putting our residents out of work
- Due to the decline in spending, **federal, state and local tax receipts declined by 30%**, jeopardizing jobs and public programs—which we need more than ever as we work toward recovery

## FROM COAST-TO-COAST, THE COVID-19 PANDEMIC HAS DECIMATED THE NATIONAL TRAVEL INDUSTRY.

Travel will refuel our economy, rebuild our workforce, and reconnect Americans.
